### SENATOR DICK A BORROWER

Of Public Funds in Ohio—Treasurer's Shortage Reveals Condition.

Columbus, Ohio, July 6.—Charles F. Dick, United States senator, has been borrowing money, giving as security stock in the Western Cereal company.

This was reported the other afternoon by Frank Parmelee, state examiner, who has just completed an examination of the books of the city and county treasurer in Akron.

Dick's borrowing of public funds became known as the result of the technical shortage of Fred Smith, the late treasurer. Smith made a practice of loaning public money in his possession to his friends, and Dick and his law partner, L. C. Miles, were among those thus accommodated.

When Smith resigned as treasurer his shortage was reported to be \$272,000. This was money he had loaned to his friends. Smith has been realizing all the time on the stocks and bonds and with the interest he has been paying back the money appropriated, and up to the present time has returned about \$100,000. He has paid all he owed to the county and school board, and now the city of Akron is left with a shortage of \$172,000.

### PROBE FOR GUGGENHEIM

Federal Investigation of His Alleged Smelter Monopoly.

Washington, July 6.—The great Smelter trust, headed by Simon Guggenheim, senator-elect from Colorado, has fallen under the ban of the federal authorities, and experts are conducting an investigation to determine whether it is a combination in violation of law. The investigation is for evidence, not only of violations of the anti-trust law, but also of the relationship sustained by the Smelter trust to the railroads which traverse the ore country.

It is known positively that a statement was submitted personally to President Roosevelt, in which it was alleged that the Guggenheim Smelter trust practically controls smelting in the United States; that it has become so powerful as to be able to dictate ore rates on the rail lines aggregating 30,000 to 40,000 miles which are controlled by E. H. Harriman and James J. Hill, and that the independent miners have been crowded so closely to the wall that many of them must either go into bankruptcy or submit to the terms of the trust.

### CHEWING GUM MUST GO.

Dr. Ballard Orders That None of It Be Sold in Ocean Grove.

Asbury Park, N. J., July 6.—No more chewing gum is to be sold in Ocean Grove. Dr. Ballard, the head man there, says so. His orders were issued to a small storekeeper at the Wesley Lake bridge entrance.

"What's the matter?" the young man is reported to have said. "It won't do," said the Methodist camp meeting leader. "It looks too much like chewing tobacco."

"But—" expostulated the young man.

"Never mind," said the doctor, "cut it out."

### SIX MONTHS' FAILURES.

Best Showing as to Number Since 1890, But Liabilities Above Average.

New York, July 6.—Commercial failures in the United States, according to statistics compiled by R. G. Dunn & Co., were 5607 in number and \$60,588,063 in amount of defaulted indebtedness during the first half of 1907. This is the best statement as to number of bankruptcies for the corresponding six months of any year since 1890, but liabilities were slightly above the average on account of a few very large failures in New York. In the first half of 1906 there were 5612 failures involving \$62,644,074.

## FEW GAMES IN LEAGUE

Boston Nationals and Americans Did Not Play

### GIANTS BEAT BROOKLYN

Pitters, Who Are Close on the Heels of New York for Second Place in National League, Won Their Game Yesterday.

There was a let-down in league baseball yesterday following the Fourth, only half the teams getting into the game. Neither Boston team played league ball. The Boston Nationals open on their home grounds this afternoon with Cincinnati for a long series, while McGuire will take his team on a western trip, facing Detroit first.

The two teams that are fighting it out for second place in the National League and Pittsburgh each won its game yesterday, the Giants taking a fall out of Brooklyn and the Pirates from St. Louis. Cleveland battled in vain for honor, and Detroit defeated Philadelphia, 9 to 5.

### BURNS WOULD FIGHT JEFFRIES.

Victor Over Squires After the Old Champion.

San Francisco, July 6.—Tommy Burns, who defeated Squires, the Australian, on July 4, yesterday issued an unofficial challenge to Jeffries.

"I can make it clearer that I'm the world's champion by beating Jeffries," he said yesterday. "And I'm sure I can do it. Jeff said he'd fight any man the public wants him to meet. Now I've defeated all the rest of them and there ought to be some curiosity to see whether I can beat Jeff, too."

Jeffries hasn't been heard from yet, but his friends doubt whether he will consent to enter the ring with Burns. They quote his utterance several weeks ago to the effect that he'd look "like a big bully" in the ring with a man of Burns' size.

"Hanged" and "Hung." Perhaps the Bible has had an influence in preventing many people from distinguishing between the uses of "hanged" and "hung," says a London writer. The "hanged" Haman, but the Jews in captivity also "hung" their harps upon the willows, and in the New Testament we read "It were better for him that a millstone were hanged about his neck." If "hanged" was correct in either sense in the days of the authorized version, those who are not strong upon grammar may be subconsciously induced to believe that "hung" is correct in both senses now. But it is curious that the exclamation "I'll be hanged!" never appears as "I'll be hung!"

Clever Woman. "There is no use trying to deny it," said one man to another. "Bliss is badly married. I hate to say it, but it's so."  
"How do you know?"  
"By a talk I have just had with him."  
"Does he complain?"  
"No. That's the pathetic part of it. He was telling me how good natured and clever his wife is because this morning she showed him how to fasten his braces to his trousers with a hair-pin."—London Tit-Bits.

## K. OF C. MEN WON GAME

Defeated Hibernians, 9 to 8 Yesterday

### IN AN INTERESTING GAME

Keneck Had One Bad Inning, in Which Three Hits, Assisted by Four Passes Gave the Opposing Team Four Runs.

An interesting game of baseball was played on the Trotting Park yesterday afternoon between the Knights of Columbus and the Hibernians, with Keneck and Tierney as the opposing pitchers. In the eighth inning the Hibernians made three hits, which, assisted by four free passes, scored four runs. After this however Keneck steadied down and the scoring ceased. The height of interest was reached in the ninth when the score was tied. The Hibernians went out in order. Nelson was the first batter for the Knights and walked; then stole second, scoring on Graveline's hit to center. Of the pitchers Keneck had the advantage, and was effective except in one inning. The batting order was as follows:

K. of C. A. O. H.  
Garity, ss. J. Dombrowskie,  
J. Keneck, p. J. Dombrowskie,  
Conolly, c. John Dombrowskie,

### GETTEMY PIDGIN'S SUCCESSOR.

Gov. Guild Names His Private Secretary, Who Is Confirmed.

Boston, July 6.—Charles F. Gettemy, secretary to Governor Guild, was yesterday nominated and confirmed as head of the bureau of statistics of labor and of the free employment bureau in place of Charles F. Pidgin, whose reappointment by the governor the council twice refused to confirm.

Charles S. Groves, State House reporter for the Globe, is to be the new private secretary to the governor.

### Waves of Water.

The water of the "beautiful blue Danube," according to a recent writer, is brownish, greenish or yellowish, but never blue.

The lake of Constance, in Switzerland, is becoming so shallow here and there that it may soon be necessary to fill it up with soil for sanitary reasons.

The water of Loch Katrine is wonderfully pure. It holds only one-fourth of a pound of alluvial deposit to every 1,000 gallons of water. The Thames averages four pounds to the thousand gallons.

### Help! Help! Help!

Nothing very serious the matter—don't get excited—but your HELP is needed.

Every man, every woman and every child can HELP.

This town needs your HELP.

It is a good town, but every good citizen wants to see it become a better town. But unless the good citizens stand by the town, lend a hand, put a shoulder to the wheel or get in front and pull, without balking, there won't be any noticeable progress.

Towns are not Top-sies. No town "just grows." It's the people in a town and around it who make it grow by feeding it the right sort of diet.

A pig in a poke won't get fat. Nor will a town with its light hidden under a bushel attract attention from outside.

Unless you throw corn into a lean shoat the animal never will become a fat porker. It is just as necessary to feed a town and community with fresh material from the outside world.

It is up to you and each of us to get out and forage for the town. Speak a good word for it. Write a good letter for it. To you the place where you live is the most important place in the world. It is the center of the world. The universe revolves around it.

This being so—and you can't deny it—why not HELP advertise the center of the universe? Why not tell your friends and acquaintances elsewhere what they are missing by living away from the real center?

Talk has built up many a town—every town, in fact. Talk can build up this town. You can't talk too much if you talk right.

### P. S.—HELP! HELP! HELP!

### TELLER AND \$86,000 GONE.

Windsor Trust Company of New York Robbed.

New York, July 6.—Detectives throughout the United States are still searching for Chester B. Runyan, paying teller of the Windsor Trust company, who, the directors allege, is missing with \$86,317 in cash. The case is being handled by private detectives. George W. Young, a director of the trust company, confirms the reports of the defalcation, which the detectives say is one of the most remarkable ever reported. Runyan is accused of having placed \$86,317 in currency in a suit case last Saturday and, after shaking hands with his banking associates, left the trust company. Since then he has not been seen. Runyan, it is said, did not even go to his apartment to bid goodbye to his wife, to whom he has been married five years. Runyan is said to have taken all the cash available in the bank last Saturday. The directors, it is stated, have made up all the loss of the defalcation. Runyan was a man of exemplary habits so far as known and his conduct was such as not to arouse any suspicion. When the auditors went over his accounts on May 1 they were found to be all right.

### SCHMITZ WILL RUN AGAIN.

Wants Fourth Term as Mayor of San Francisco.

San Francisco, July 6.—Mayor Eugene Schmitz, who is awaiting sentence under conviction of extortion, in an interview has authorized the Associated Press to say that he will be a candidate for re-election to a fourth term and that he has already begun the preliminary work of his campaign. He declared that he is confident of winning at the polls, and that nothing will prevent him from running except the denial by the appellate and supreme courts of the appeal he is preparing for a new trial. Another announcement by the mayor that he will bring marriage proceedings against Judge Dunne if his sentence is not forthcoming Monday as promised. Until judgment is passed the mayor cannot carry his appeal to the higher courts.

## MAY SUTTON WINS BACK

The Title of British Lawn Tennis Champion

### IN TWO STRAIGHT SETS

Behr and Beals Wright, Americans, Lost Chance of Becoming World's Champions in Doubles By Losing to Australian Pair Yesterday.

London, July 5.—Miss May Sutton won back the title of British tennis champion yesterday by defeating Mrs. Chambers in the final round at Wimbledon. She won easily in two straight sets. She received a remarkable ovation at the end of the match. "I am going to try to win a third time," she said. Karl Behr and Beals C. Wright, the Americans, lost their chance to win the world's doubles championship, by being defeated in the finals by Brooks and Wilding, the Australian pair, in three straight sets. Since the Roberts brothers broke the title, will not defend it this year the championship passes to Australia.

### RACES AT HINESBURG.
